Re: Enewetak

Dear Harry:

Mayor Peter, Senator John and the Enewetak Council have asked me to write to you to request that fuel be taken to Enewetak by the Offshore Venture. We understand that the Offshore Venture will be on Enewetak from October 28, 1993 to November 7, 1993. We ask that 5,000 gallons of diesel fuel, 2,000 gallons of mogas, and 2 drums of hydraulic oil be taken to Enewetak by the Offshore Venture.

This letter is also intended to confirm our understanding that at least 2 seats will be made available for the PMA charter from Pohnpei to Enewetak on November 6. If any extra seats materialize, we understand that the DOI has mandated that such seats be made available to the Enewetak leadership.

Thank you for your assistance with respect to the transport of fuel to Enewetak via the Offshore Venture.

If you have any questions or comments regarding the above, please do not hesitate to contact me.

Very truly yours,

Davor Z. Pevec

cc: Mayor Neptali Peter
Senator Ismael John
